

Kansas

Kansas General Comments

- Ft Leavenworth will take on a new role as a Midwestern Joint Regional Correctional Facility.
- While some units at Ft Riley will inactivate as part of the modular force transformation, the end state Soldier population at Ft Riley will exceed 16,000. By 2011, Ft Riley will be the home to 3 BCTs, a Multi-Functional Aviation Brigade, a Sustainment Brigade, and a UEx Headquarters.
- Each unit and activity transferred from Kansas Army Ammunition Plant has been placed to enhance its operational or support capability through consolidations or co-locations. The result of these hard decisions is a basing configuration that better supports our transforming Army and saves money
- Although the Regional Readiness Command is disestablished, a Sustainment Unit of Action will be activated at the Wichita Army Reserve Center to support the NW Regional Readiness Command. Transforming RC facilities in the North West will improve training, readiness and quality of life for more than 2680 RC soldiers, full-time unit support personnel, and their families.

Reserve Component

Gains:

- Establish 1 Sustainment Unit of Action at the Wichita Army Reserve Center in support of the Northwest Regional Readiness Command at Ft McCoy

Losses:

- Realign 1 Army Reserve Center by disestablishing the 89th Regional Readiness Command
